*Treasures & Trinkets* will be a deep dive into capturing the beauty, nostalgia, and charm of curated objects. During this class, participants will explore at least two different types of collection— buttons, old toys, vintage tins, etc. —learning to depict their textures, reflections, and intricate details with watercolour.

Throughout the 6-week online class, you'll be guided through layering techniques, wet-on-wet and wet-on-dry applications, and strategies for achieving realism and atmosphere in their work. This class will encourage both technical growth and personal storytelling through art.

All participants can paint along to apply the demonstrated techniques. The focus will be on interactive and individualized instruction, and you will be encouraged to ask questions throughout.

Between classes, you may send photos of either in-progress or completed paintings to Danielle for a private critique or advice to take your painting to the next stage.

You may have approximately 2 hours of guided “homework” each week.

If you cannot attend any of the live classes, don't worry. All the presentations and recordings will be available to you after each class.

Painting experience is necessary.
